

8/19/23-10/24/12

Arnold Grummer lived in Appleton, WI and introduced millions of people to the joy of making paper. He developed products that would work for any interested person at any level.

He was inducted into the Paper Industry International Hall of Fame in 2012 as Educator.

Wife Mabel and daughter Kim continue to own and operate Arnold Grummer, LLC. The company sells papermaking supplies and equipment throughout the United States and Canada.

Town Square

492 Hill Street

Green Lake WI 54941

The organizers of the Arnold Grummer's Midwest Paperfest would like to thank the nine amazing paper artists for exhibiting their work in this first ever event. The response to the show has been phenomenal and we are already looking forward to planning next year's event.

Organizers pictured left to right:
Tanya Schwartz-Roeper, Mabel Grummer, Kim Schiedermayer, and Kate Salas

On October 7, the day after the opening reception, Betsy Dollar led a workshop open to exhibiting paper artists. Betsy is the Director of the Springfield Art Association in Illinois. The paper she makes is over beaten abaca fiber that is sprayed onto fabric that is stretched across a frame. She held the workshop in the garage at Town Square. Participants worked on a group project on an 8'X4' canvas as well as spraying a smaller canvas they could take home.

Maria is pictured spraying her canvas with a combination of Abaca fiber and formation aid. Photo on the right is the 8'X4' group project that has been donated to Town Square and will be on permanent display.

Featured Artists at the October 6, 2017 Opening Reception

Hannah Bennett
Madison
